We have liaised with high school ESOL Departments and Duke Institute of Studies has collaborated to design English Holiday programmes with a difference.

We combine effective learning and teaching strategies indoors plus outdoor activities. The programmes will enable students to earn NCEA credits (up to two unit standards - Speaking and Writing) over a 6-week period in the summer holidays. There will be a two-week break in the middle so you can enjoy Christmas with your families. Students will be studying in a safe learning environment (10 minutes walk from Takapuna Beach).

These high interest programmes will provide students with a positive start to the 2021 academic year.

Duke Institute of Studies (DIOS) is a boutique English language school situated at Takapuna beach on the North Shore of Auckland City. Our school has been established for 20 years and we have students from many different countries. Our school is a family run business and the directors and staff focus on learning outcomes and the pastoral care of our students is a high priority. DIOS is located in the middle of Takapuna shopping centre and we are close to bus stops, shops, café's, restaurants and of course the beautiful beach.
